Here are some tips to help boost your motivation. Firstly, eat well and exercise. A fat stomach is not going to make you very energetic. Secondly, it is useful to define your goals by writing them down. Thirdly, hang around positive people. If the people you spend your free time with are constantly complaining about life, maybe it's better you looked for new companions. Sleep well and take breaks and holidays. By putting these ideas into practice/you will enjoy higher levels of motivation and a better quality of life.

A) Answer the following questions:
