C- Reading Comprehension

5- Read and complete the table:

What will life be like in the year 2200. There will be drastic changes in education, transport, housing, the environment, health and life styles. There won't be any classrooms or teachers because children will learn at home with computers. People will use spaceships to visit other planets. People will live in tall buildings made of metal and glass. They won't use petrol or gas, so there won't be much pollution. People will be healthier because there will be cures for all diseases. Finally, people will have more free time because robots will do all the boring jobs.

Education	Housing	Transport	The environment	Health	Lifestyles
1	2	3	4	5	6

6- Read the following passage, then answer the questions:

Charles was a professor with a huge house and a fortune. Today he lives in a small caravan where there is only second-hand furniture. There are no signs that he was a rich man. He gets his clothes and other things from charity shops.

This change is not a tragedy. Charles was happy to give up the lifestyle of a rich man. He was tired of being a person who had everything and many people have nothing. He made the choice to give all his money away. He says, **it** has brought him happiness. "A few years ago," says Charles, "I was a millionaire, but I knew there were a lot of

hungry people in the world." So, he gave away all his money to charities. When he had some left, he gave away small banknotes in the streets of local poor areas. Charles believes that many people want to earn a lot of money so that they will not have any worries. However, most people never make much money. He decided to drop out and has discovered that having only a little money makes you free. Are there any things he misses? "No, I'm much happier now. I wouldn't go back to being rich for anything - no way."
